

## The International Fibromyalgia Symposium

August 19-22, 2004  
The Phoenician Resort  
Scottsdale, AZ

### Top Ten Reasons Doctors Should Attend The International Fibromyalgia Symposium

#### Important Education

- 10) An FMS patient of yours has asked us to invite you.
- 9) This event will be the first time that hundreds of FMS patients, their physicians, therapists, dentists, and caregivers will all exchange ideas about treating Fibromyalgia Syndrome.
- 8) The foremost research and treatment experts from throughout the world will lecture, hold panel discussions, and lead hands-on sessions. Learn how to provide an accurate diagnosis and select the best treatments for your patients.
- 7) The symposium will concentrate on achieving RECOVERY from FMS, not just treating symptoms.
- 6) You will have personal access to the experts throughout the three days to consult on issues and treatments for *your* patients.

- 5) Find new resources for products and treatment options.

#### Important Relaxation

- 4) Bring your co-workers, spouse, or family to one of the most famous and luxurious resorts in the United States for the lowest price you will ever see!
- 3) Golf, Golf, Golf. 27 holes of USGA tiff-eagle greens, lush fairways and stunning scenery. Consistently voted one of America's best resort courses by Golf Magazine, The Robb Report and Golf Digest. We've reserved all the best tee-times for symposium participants.
- 2) It's a perfect combination of valuable education, and much needed vacation in a remarkable setting.

**And the #1 reason you should attend the International Fibromyalgia Symposium....**

**Because you can provide a better life to your FMS patients.**
