

The Fibromyalgia Recovery Group

is proud to announce

**The International
Fibromyalgia Symposium**

**Friday through Sunday
August 20-22, 2004
The Phoenician Resort
Scottsdale, Arizona**

Dear Fibromyalgia Patient:

We are gathering together some of the world's leading experts on fibromyalgia treatment and coping skills in what will be the largest event ever dedicated to the discussion of fibromyalgia, and more importantly to recovery from FMS.

This Symposium is a one-of-a-kind experience designed to bring together physicians, nurses, patients, therapists, trainers, caregivers, insurance specialists and companies who are involved with the diagnosis, treatment and recovery of patients suffering from this debilitating disease.

Please join us for three days of lectures, panel discussions, workshops, clinics, and media presentations. Bring your doctors and your caregivers to three days of sessions with the brightest minds in FMS treatment and support. Network with other patients from treatment centers and support groups around the world.

More than 30 FMS support group leaders and their doctors representing over 4,000 patients will be attending the event, promising some great networking and lively discussions. Learn how YOU can get your life back!

Join us for this three-day Symposium of enlightening, practical solutions to living with fibromyalgia syndrome. Bring your entire family or come alone and enjoy the friendship of others like yourself.

Please log on to our website at www.fibromyaliatreatment.com/new.htm to read all about the speakers and sessions being offered, as well as view the lovely artwork included in the silent art auction. All after tax profits from the Symposium and the proceeds from the silent auction will be donated to fibromyalgia research.

We look forward to seeing you at the event.

Brenda Frandsen, Executive Director
